EGON & MARYANN

FOUNDER - RESTORATION

In April and May we headed for India, for the first time after Covid restrictions, to do different meetings and graduations for RSOM-bibleschools in different cities in South India. Dr. Thomas George from Kerala and Claus Møller and Mona Auke traveled with me this time. More than 200 students graduated from our Restoration Schools of Ministry this time. The impact these Bible Schools and graduates

will have on their churches and their communities in the future will only be shown when we stand at home in heaven with Jesus. I am looking forward to the smiles of the students that has been part of our Bible Schools when I am coming there. God knows how strongly India and Indians have been put on my heart, and it has always been so. We saw revival in many of the churches in Chennai, that had conducted RSOM Bible schools. When I say revival I mean real fire of God like I hardly ever have seen before. Both young, middleaged and old were on fire for Jesus, and prayed like I am just dreaming of we will come in to do in Europe. God gave me a revelation, while we were preaching; Evangelist Claus Møller, Dr. Thomas George and I were mostly preaching about faith, and faith is the main theme in the RSOM-curriculum. Faith was lifting the people in all

Helping hands to

UKRAINE

On Tuesday 14th of June, Restoration Norway loaded a 106 cubic meter trailer with lots of different things, food, clothes, shoes, toys and much more, together with Fair Share Norway. The driver is an Ukrainian and he was looking forward to being able to drive this help to his home country! The need is great and many do not know how to cope in this incredibly demanding time, with war and unrest, and the people lack the most essential things for everyday life.

The trailer goes to Lviv in Ukraine, to a congregation that receive the help. There, those who live in nearby towns can come and get what they need, and then smaller cars are used to drive the aid on to war areas.

Raising the Remnants for Revival

GRADUATION 2022

As our Lord Jesus said, “The harvest is plentiful but the workers are few”.

It is the time to equip, encourage and enlighten the young remnants for a great revival which the entire world eagerly waiting for.

Restoration Ministries in Asia plays a vital role in teaching and equipping the ordinary believers to do extraordinary things for the Kingdom of God. Restoration Bible Schools in India and Bangladesh had trained more than 400 students through its 15 Schools during 2021-2022.

To recognize the students for their successful completion of the bible course, Graduation ceremony held in various places in India and Bangladesh.

BANGLADESH RSOM SCHOOLS

Graduation Service

By the grace of the Almighty God, around 140 students from four Restoration Bible Schools in Bangladesh received their graduation.

The Graduation Programs were held in two divisions of Bangladesh -Gopalganj and Khulna.

The Programs were facilitated by local pastors and teachers using the local church premises. The students were appreciated by being given a certificate and a special prayer of anointing. Most of the students were young, which was a good sign of reaching the young generation to spread the Gospel all over the country.

The Graduation Programs was delighted to have the visit of Mr. Thomas George, Board of Management, RSOM India, the presence of the National General Secretary of BBCS, Church President, and Local Pastors.

The news channels say that there are piles of emergency aid lying and rotting, and that they do not need our help, but our contacts say otherwise! Many do not have access to food and necessities, and we are making sure that it comes out where it is needed the most.

Some say that this is just a drop in the ocean, but those who receive this "drop" will be grateful that their prayer for "daily bread" is answered! And that we stand with them and pray for them!

You can help your brothers and sisters in Eastern Europe! Pray that the trailer will arrive without any problems and that the help will reach even further!

We still need support for UKRAINE!

The transport has arrived in Lviv and they are already in the process of loading up in smaller vans and sending on to the various congregations. Our contact in Lviv says that they need everything that has been sent and they are so grateful to everyone who has been involved in giving! The clothes are, among other things, given to soldiers and hospitals. And the food is distributed to those who need it most. Diesel is expensive and they need help to transport to Kyiv and the Donbas region.

We need your financial support to make this possible!

Give your gift to Ukraine!

the churches and it really ignited the revival fire in these churches. This is what God is doing in India now. He ignites real revival fire through the preaching and teaching on faith. Many significant miracles also happened throughout our trip this time, especially through Evangelist Claus Möller's ministering. Pray that God blesses him immensely.

We also have been able to send a huge truckload of humanitarian help to the Ukrainian christians in the beginning of June, 96 cubic, and this help is being distributed now these days

to many different churches both in the west, central and east of the country. I have promised the churches that I will come and visit them in the autumn. We need to encourage each other especially in these times. You can see the pictures from faithful people distributing and giving the help to different people and churches.

Please keep the Ukrainian people up in prayer this time!
